

APPENDIX 5-A

ATAP, INC.

MANAGEMENT QUALITY POLICY

It is always the policy of ATAP, Inc. to provide products and services that consistently meet or exceed its customer's needs which will set ATAP apart as a quality leader in the manufacturing, refurbishing and distribution of **Ground Support**

- **Equipment and Heavy Vehicles.** As such, ATAP will gain the customer's trust and meet or exceed its customer's expectations by constantly providing quality, timely delivery, and responsive service while continually upgrading its knowledge, skills, and capabilities.

ATAP and its employees accept responsibility for putting the needs of our customers first, maintaining a safe work environment, and providing products which meet the highest standards in our industry. As part of its desire to respond to its customers and be a leader in the industry, ATAP has implemented an AS9100 & ISO 9001 conforming quality program to maintain and evaluate its services while looking for new ways to make those services more beneficial and desirable to its customers, who deserve the best.
